I. RALLY IS BACK TO UKMERGĖ

The return of the Lithuanian Rally Championship to Ukmergė in 2025 provides an excellent foundation for the continued history of rallying in this region. Uncompromising battles between the fastest Lithuanian rally drivers, impressive special stages with deep history, and, of course, spectators who give meaning to it all, motivate and oblige "GSR Motorsport" and the team working alongside it to create an event this year that will leave the best memories for all participants.

"Jusema Rally Ukmergė" will be the third event of the Lithuanian Rally Championship this year, after which it will become clearer where and what kind of battles we can expect in the second half of the season. The organising team, having gained significant experience last year, has taken into account the wishes of the participants and this year offers an even better, more comfortable and special rally. There will be more competitive kilometres, compactly spread over 15 special stages, a longer but more comfortable Friday, and more time to sleep on Saturday. Spectators will be delighted not only by the opportunity to see plenty of action, including on the legendary Versmė track, but also by a special concert programme on Friday and Saturday evenings.

The rally is a major attraction that brings life to the entire Ukmergė region, and this year the Molėtai district is also joining the rally geography. Thousands of spectators, hundreds of crew members and official rally personnel will once again have the opportunity to experience the hospitality of the residents and businesses of the Ukmergė district, which is extremely important in nurturing existing and creating new relationships. We are pleased that both the local government and businesses believe in the idea of creating an unforgettable event for "Jusema Rally Ukmergė", working together and contributing to the common goal of making this rally not only a great competition, but also a wonderful celebration for everyone.

"Jusema Rally Ukmergė" awaits you all on 9–11 July.

II. THANK YOU FOR BEING WITH US

Dear rally racers, team members, partners, volunteers and rally fans, Welcome to Jusema Rally Ukmergė!

Every rally is much more than special stages or the finish line. It is teamwork, trust, determination and people united by a passion for motorsport. I am pleased that this year we can meet in Ukmergė, where our land is once again becoming a place where the strongest emotions, the most impressive battles and unforgettable memories are born.

I sincerely thank everyone who contributed to organising this event – partners, sponsors, volunteers, judges, services and the entire organising team. Without your dedication, this event would not be possible.

I wish the crews speed, precision and success in every kilometre. May the competition be intense, but always marked by mutual respect. I wish the spectators impressive moments, positive emotions and, most importantly, do not forget about safety – it is our responsible behaviour on which the success of this motorsport festival depends.

I believe that this year Jusema Rally Ukmergė will once again give us many memorable moments that will remain in our minds for a long time.

Thank you for being with us. Have a wonderful holiday and a successful rally!

Dovydas Ketvirtis

JSC "Jusema" director

III. SEE YOU AT THE SPECIAL STAGES!

Dear rally participants, spectators, partners and all motorsport enthusiasts, Welcome to "Jusema Rally Ukmergė"!

Every year, as rally week begins, a special atmosphere fills Ukmergė. The city is alive with anticipation, excitement and positive emotions. It is for these moments that we organise this event – so that, for a few days, Ukmergė becomes a place where speed, togetherness and a passion for motorsport come together.

A rally is much more than fast cars or a race against the clock. Behind it lies tremendous teamwork, the trust of partners, the dedication of volunteers and the support of the community. I sincerely thank everyone who helps "Jusema Rally Ukmergė" grow and become stronger each year.

I would like to express my special gratitude to the Ukmergė District Municipality, our partners and sponsors, without whom this event would not be possible. I also thank the local residents for their understanding and hospitality – we know the rally briefly changes the daily rhythm, so we are making every effort to ensure the event runs smoothly, safely and causes as little inconvenience as possible.

I wish the competitors a fast but safe rally, and the spectators unforgettable emotions and impressive moments on the special stages. I invite everyone to enjoy this celebration responsibly, support the crews and help create an atmosphere that makes you want to return to Ukmergė again and again.

I believe it is the people who create the rally. Therefore, our greatest achievement is not only the results or records, but also the community that grows every year together with "Jusema Rally Ukmergė".

See you at the special stages!

Ernesta Globytė

"Jusema Rally Ukmergė" director

IV. UKMERGĖ MAYOR'S FOREWORD

Dear motorsports enthusiasts, I am pleased that the rally tradition, revived last year in Ukmerge, continues successfully. This year, the roads of our region will once again serve as a test track for motorsport enthusiasts.

The rally special stages, winding along the picturesque roads of the Ukmerge region, will demand maximum concentration, precision, and professionalism from the competitors. Every second, every turn, and every decision can determine the final result. Meanwhile, spectators will have an excellent opportunity to experience the excitement of the race up close, support the crews, and witness the impressive contest for victory.

I sincerely thank the organisers, volunteers, sponsors, local communities, and all partners, whose efforts make this event possible, allowing it to grow and gradually become an important part of Ukmerge's sporting life.

I wish the competitors successful starts, accurate decisions, excellent results, and a safe finish. To the spectators, I wish unforgettable impressions, positive emotions, and responsible behaviour while watching the competition.

Have a wonderful, memorable, and, most importantly, safe rally weekend in Ukmerge.

Darius Varnas

Mayor of Ukmerge District Municipality

XV. RALLY SAFETY (GPS) SYSTEM

Rally Safety Tracking system

The organiser will provide a rally safety tracking system, which has to be used during reconnaissance in the reconnaissance car. If the system will not be used, it is a breach of the reconnaissance regulations. The progress of reconnaissance will be monitored via a Safety tracing system (STS), GPS system by rally officials. GPS data from STS will also be monitored during liaisons. Evaluation of GPS data from STS is within the competence of the Clerk of the Course. If the reconnaissance vehicle is not equipped with a working tracking device, Infringement will be reported to Stewards, resulting in penalising of the crew. After reconnaissance, crews have to re-install the tracking device to the rally car according installation instructions appendix no. 7. Devices must be removed from rally car and returned to STS, GPS system administrator after TC15A to rally headquarters before the 11th of July 2026 (Saturday) at 21:00 or at TC15A (before Park Ferme').

Principles on Security and Trackinstr. .

Each device has a unique serial number that is assigned to a crew. During the competition, rally control center (RCC) follows the position and speed of each crew. The STS GPS tracking device is connected with rally control center(RCC) (which gathers all the data. All data is also gathered in the device itself. The device has an autonomic power resource that is enough for all rally. STS GPS tracking device control unit has "SOS" and "OK", "Road block" and "Fire" buttons. By activating "SOS" button, crew members are informing RCC about an accident and that they need assistance ASAP. In this case, calling the phone number on the sticker on the GPS device is also mandatory. If the car stopped in SS due to an accident or technical issues, by pressing "OK" button, crew members inform RCC about the race car being stopped on SS and no additional assistance is needed. Attention! If the crew has stopped in the special stage for a longer period than 10 seconds, even when the crew is still trying to continue participation, crew members must press „OK" button on STS GPS tracking device control unit. Mobile phones of the crew members must always be on (or switched on within 60 seconds) so that the rally control centre (RCC) could acquire current information about the situation. If the crew receives a Red Flag signal from the device, also known as a signal of danger (Loud sound and RED indicators on STS GPS tracking device control unit), the „OK" button must be pressed for 3 seconds so that RCC receives Confirmation from the crew . The crew must slow down the car and follow marshal instructions accordingly. Failing to comply with these requirements will be reported to the Stewards, who will investigate according to Rally sporting regulations., who may apply a penalty.

„Jusema Rally Ukmergė 2026“

RENGINIO SAUGUMO TAISYKLĖS

Automobilių sporto renginio (toliau – Renginys) saugumo taisyklės (toliau – Taisyklės) parengtos vadovaujantis LR Sporto įstatymo 18 straipsnio nuostatomis bei Lietuvos automobilių sporto federacijos (toliau – LASF) norminiais aktais. Renginio dalyviai ir žiūrovai privalo laikytis organizatoriaus nustatytų saugumo reikalavimų ir draudimų, nurodytų šiose Taisyklėse.

Organizatorius apie šio Renginio organizavimą oficialiai informuoja LASF, bei pastarosios nustatytais terminais pateikia Renginio nuostatus (Varžybų papildomus nuostatus) bei šias Taisykles.

EVENT SAFETY RULES

The safety rules (further - Rules) of the automobile rally "Jusema Rally Ukmergė 2026" further - the Event) have been prepared in accordance with the provisions of Article 18 of the Law on Sports of the Republic of Lithuania and the regulatory acts of the Lithuanian Automobile Sports Federation (further - LASF). Participants and spectators of the event must comply with the safety requirements and prohibitions set by the organizer, specified in these Rules.

The organizer officially informs the LASF about the organization of this Event, and submits the Event Regulations (Additional Competition Regulations) and these Rules to the latter within the deadlines set by the latter.

I STRAIPSNIS - ŽIŪROVAI

1. **Trasa** apima važiuojamosios dalies atkarpą nuo starto vietos iki finišo linijos. Atvejais, kai Trasoje eismas vyksta ratu (starto vieta sutampa su finišo linija), prie Trastos priskiriamos įvažiavimo į starto vietą ir išvažiavimo iš Trastos kelių atkarpos. Renginio vykdymas trasoje apima laikotarpį nuo starto vėliavos parodymo pirmam dalyviui arba dalyvių grupei, iki finišo vėliavos parodymo paskutiniui dalyviui arba dalyvių grupei.
2. Žiūrovai stebėdami Renginį privalo laikytis šių Taisyklių nuostatų. Atvejais, kai kitos informacinės priemonės (personalas, ženklai, juostos ar pan.) nedraudžia priartėti arčiau Trastos ar kitų pavojingų vietų, Žiūrovai privalo laikytis šių Taisyklių nuostatų.
3. Žiūrovai privalo vykdyti trasoje dirbančio personalo nurodymus.

I ARTICLE - SPECTATORS

1. The term "track" includes all special stages of the competition and each special stage separately. A special stage includes the section from the entrance to the time control post to the exit from the marking post (STOP sign) at the end of the special stage. The conduct of the competition on a special stage includes the period from the departure of the SAF car (yellow lights) from the start post to the passing of the „sweeper“ car (green lights) past the finish post.
2. Spectators must comply with the provisions of these Rules when observing the Event. In cases where other information means (rally personnel, signs, tapes, etc.) do not prohibit approaching the competition route or other dangerous places, spectators must comply with the provisions of these Rules.

4. Renginio stebėjimui Organizatorius gali įrengti specialias Žiūrovų zonas. Žiūrovų zonos įrengiamos ypatingai saugiose vietose.

5. Privažiavimai ir (ar) priėjimai prie Trasos gali būti nurodomi Organizatoriaus paskelbtose schemose.

6. Stebėti Renginį Žiūrovai gali ir kitose vietose (ne Žiūrovų zonose), tačiau tik susipažinę su šiomis Taisyklėmis ir besilaikydami šiose Taisyklėse nurodytų reikalavimų.

7. Renginį stebėti draudžiama privačiose teritorijose (išskyrus atvejus, kai gautas privačios teritorijos savininko leidimas).

8. Stebint Renginį draudžiama vartoti alkoholinius gėrimus bei psichotropines priemones. Taip pat draudžiama būti Renginio stebėjimo teritorijoje apsvaigusiems nuo alkoholinių gėrimų ir (ar) psichotropinių priemonių.

9. Automobiliai Trasoje gali staiga pakeisti judėjimo kryptį dėl vairuotojo klaidos, mechaninio automobilio gedimo, Trasos būklės ar reljefo pokyčio, todėl Žiūrovų dėmesys (žvilgsnis) privalo būti visada sutelktas į Trasa važiuojančius automobilius. Tai leidžia labai anksti pastebėti grėsmę ir atsitraukti į dar saugesnę vietą. Renginio stebėjimo vietoje ypatingai rekomenduojama: nesibūriuoti, nesėdėti, negulėti, neužsiimti kitomis veiklomis, išskyrus Renginio stebėjimą.

10. Renginių metu, kai vienu metu Trasoje **važiuoja vienas automobilis**, Žiūrovams draudžiama būti (važiuoti, eiti, stovėti, gulėti) Trasos važiuojamojoje dalyje ir ne mažiau nei 20 metrų atstumu į abi puses išilgai Trasos važiuojamosios dalies (raudona zona paveikslėlyje):

3. Spectators must follow the instructions of the personnel working on the track.

4. The Organizer may set up special spectator zones for observing the competition (the conditions for spectator entry into and exit from the spectator zones are specified in the rally guide published by the Organizer). Spectator zones are set up in particularly safe places for observing the Competition.

5. Approaches and/or accesses to the tracks are indicated in the rally guide or competition maps published by the Organizer.

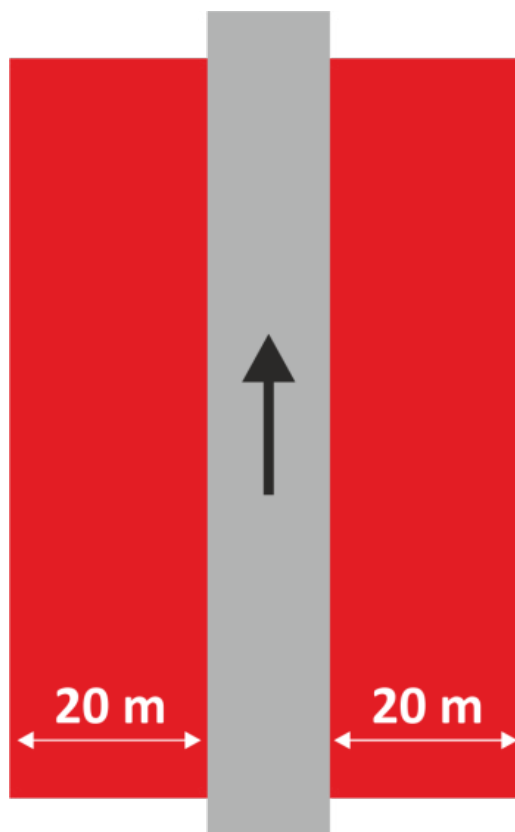

6. Spectators may also watch the competition in other locations, but only after familiarizing themselves with these rules and complying with the requirements specified in these rules.

7. It is prohibited to observe the competition in private areas (except in cases where permission has been obtained from the owner of the private area).

8. It is prohibited to consume alcoholic beverages and psychotropic substances while watching the competition. It is also prohibited to be in the competition observation area while intoxicated by alcoholic beverages or psychotropic substances.

9. Cars may suddenly change direction due to crew mistakes, mechanical failure of the car, track condition or terrain change, therefore the attention of the spectators must always be focused on the cars driving on the track. This allows them to notice the threat very early and retreat to an even safer place. At the competition observation point it is especially recommended: not to gather, not to sit, not to lie down, not to engage in any other activities, except for observing the competition.

10. It is prohibited to be (drive, walk, stand, lie down) on the roadway of the track and at a distance of at least 20 meters in both directions along the roadway of the track (red zone in the picture).

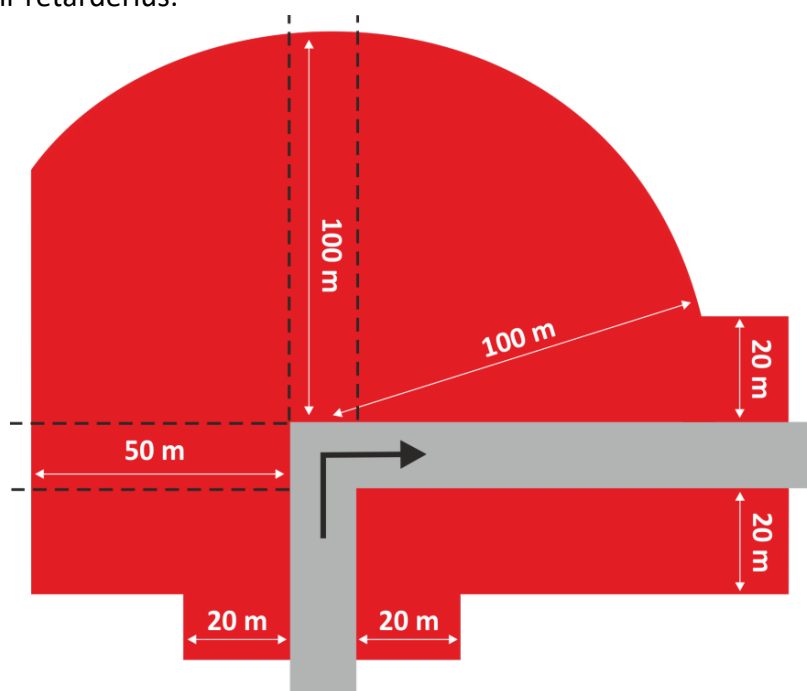

Tiesi trasos atkarpa

Straight section of the track

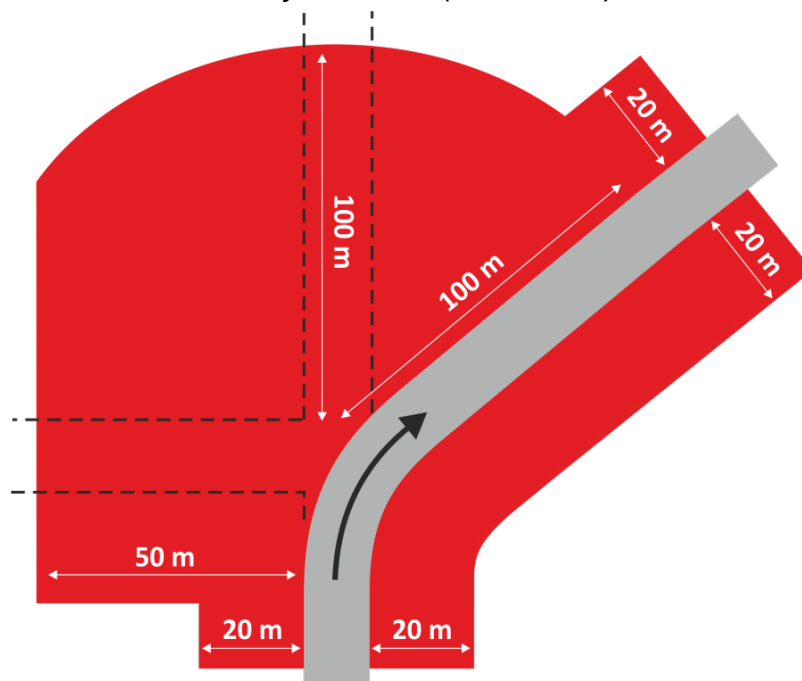

11. Renginių metu, kai vienu metu Trasoje **važiuoja vienas automobilis**, Žiūrovams draudžiama būti Trasos važiuojamojoje dalyje ir brežiniuose raudonai pažymėtose zonose aplink sankryžas, posūkius, tramplinus ir retarderius:

11. It is prohibited to be on the roadway and in the red marked areas around intersections, turns, jumps and retarders:

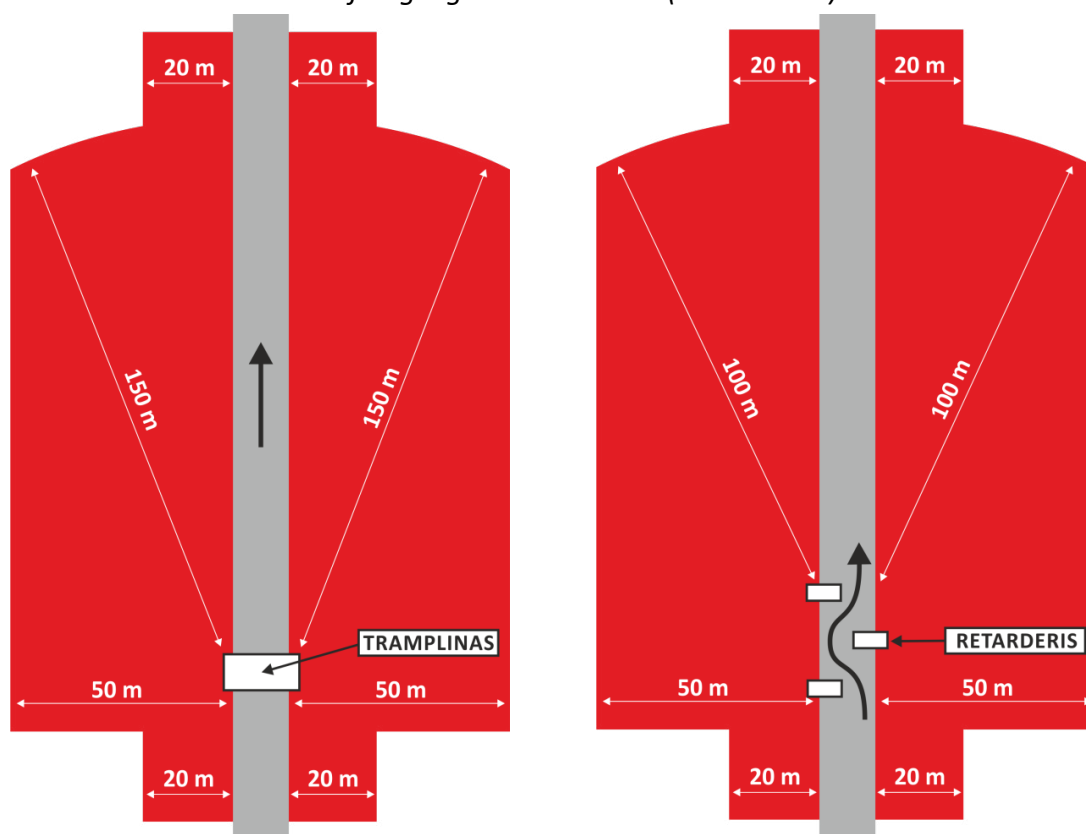

90° ir mažesnio kampo posūkis (sankryža)

Turn of 90° or less (intersection)

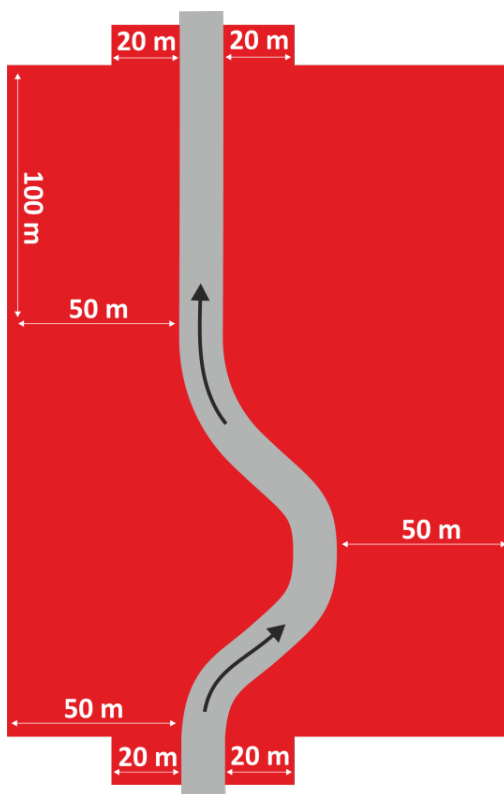

Didesnio nei 90° kampo posūkis (sankryža)

Turn of angle greater than 90° (intersection)

Tramplinas ir retarderis tiesioje Traso atkarpoje

Jump and retarder on a straight section of the track

Posūkių seka

Turn sequence

12. Įvykus avarijai trasoje, Žiūrovams draudžiama imtis bet kokių veiksmų, susijusių su avariją patyrusiu automobiliu (ar keliais automobiliais), išskyrus atvejus, kai pagalbos prašo Organizatorius ar Renginį aptarnaujantis personalas.

13. Atvykus medikams ir gelbėtojams, Žiūrovai privalo atsitraukti nuo avarijos vietos ne mažesniu nei 100 metrų atstumu ir netrukdyti vykdyti gelbėjimo operacijos.

14. Organizatorius su šių Taisyklių I straipsnio reikalavimais Žiūrovus supažindina pateikdamas spausdintą informaciją bilietų įsigijimo vietose ir renginio štabe. Su šių Taisyklių I straipsnio reikalavimais Žiūrovai taip pat supažindinami ir įsigyjant elektroninius bilietus. Šios Taisyklės skelbiamos Organizatoriaus interneto svetainėje, socialiniuose tinkluose, bei kituose informacijos šaltiniuose (<https://rallyukmerge.lt/>,

<https://www.facebook.com/jusemarallyukmerge>,

Sportity - JRU2026). Šias taisykles galima parsisiųsti nuskenavus QR kodą, kuris patalpinamas ant informacinių lentų Trastos prieigose bei ant Žiūrovams skirtų apyrankių.

12. In case of an accident or other unfortunate incident, spectators may only assist the injured if they are completely sure of their safety. If necessary, they must call for help.

13. Upon the arrival of medics and rescuers, spectators must move away from the accident place at least 100 meters away and not interfere with the rescue operation.

14. The Organizer shall inform the spectators of the requirements of Article I of these rules by providing printed information at ticket purchase points and at the competition headquarters. The spectators shall also be informed of the requirements of Article I of these Rules when purchasing electronic tickets. These rules shall be published on the Organizer's website, social networks and other information sources.
